

MACHINE MONTHLY

THE MINI PLUS EVOLUTION

Würth Louis and Company works hard to analyze your production requirements in order to find the right machine that provides you with the best technology solution. We sell machines that are configured to provide the best technological innovation, high performance and reliability. Machine Monthly reviews different topics and focuses on the industry best machinery that includes special pricing. Need more information or have your eye on something with specific options, contact Tammy Schachair, Machinery Sales Coordinator at (510) 668-1122 Ext. 2207 or email: ttschachair@wurthlac.com.

High Performance in a compact footprint, the new Superfici America Mini Plus Evolution reciprocal spray machine offers smaller businesses 100% consistency of quality and maximized volume of production at an affordable price.

Features:

- Single spraying arm mounted on a linear precision guide with brushless motorization for smooth and precise movement.
- Optional speedy cup allows for direct feed to the guns negating the need for a pump, permitting low pressure spraying with as little as 2 liters of material.
- Pressurized booth ensures containment of overspray, and maximization of coating on the product.
- Automatic paper conveyor system protects belt and achieves immediate absorption of excess overspray.
- On-board Opti-Spray software controls the machine parameters, including customized work programs, storage of up to 100 recipes, automatic programming of spraying process, production reporting for diagnostics and supervision.
- The optional laser parts reader bar controls activation of guns and targeting of product on belt, achieving optimal coatings efficiency.
- Perfect for all coatings: Water-based, solvent and lacquer.

Advantages:

- Pressurized Cabin
- Laser Reading Bar
- Quick Release Guns
- Opti-Spray System
