#### **1** Identification

- · Product identifier
  - · Product number HSC6033
  - Trade name: <u>WB CLEAR SELF S 35SH</u> • Application of the substance / the mixture For professional use
- · Details of the supplier of the safety data sheet
  - Manufacturer/Supplier: IVM Chemicals srl Viale della Stazione 3 - 27020 Parona (PV) Italy tel +39 038425441
  - Information department: Environmental Health and safety office hseoffice @ivmchemicals.com
  - Emergency telephone number: ChemTel Expert Assistance Hotline/SDS Fax Access by dialing 1-800-255-3924 or for International +1-813-248-0585. 001 813-248-0585

## 2 Hazard(s) identification

Classification of the substance or mixture
 The product is not classified, according to the Globally Harmonized System (GHS).

#### · Label elements

- · GHS label elements Not applicable
  - · Hazard pictograms Not applicable
  - · Signal word Not applicable
  - · Hazard statements Not applicable
- · Classification system:

· NFPA ratings (scale 0 - 4)

· HMIS-ratings (scale 0 - 4)

HEALTHIHealth = 0FIRE1Fire = 1REACTIVITY0Reactivity = 0

## 3 Composition/information on ingredients

#### · Chemical characterization: Mixtures

· Description: Mixture: consisting of the following components.

111-76-2	2-butoxyethanol	2.5-4.99%
	Acute Tox. 4, H302; Acute Tox. 4, H312; Acute Tox. 4, H332; Skin Irrit. 2, H315; Eye Irrit. 2A, H319 Flam. Liq. 4, H227	
34590-94-8	Dipropylene glycol monomethyl ether	1-<5%
	Flam. Liq. 4, H227	
112-34-5	2-(2-butoxyethoxy)ethanol	<0.5%
	🚸 Eye Irrit. 2A, H319	

(Contd. on page 2)

(Contd. of page 1)

#### 4 First-aid measures

#### · Description of first aid measures

- · General information:
- No special measures required.
- personal protective equipment for first aid responders is recommended. (please see section 8)
- After inhalation: Supply fresh air; consult doctor in case of complaints.
- After skin contact: Generally the product does not irritate the skin.
- After eye contact: Rinse opened eye for several minutes under running water.
- · After swallowing: If symptoms persist consult doctor.
- · Information for doctor:
  - · Most important symptoms and effects, both acute and delayed
  - For symptoms and effects caused by substances, refer to Section 11.
  - · Indication of any immediate medical attention and special treatment needed
  - No further relevant information available.

### **5 Fire-fighting measures**

#### · Extinguishing media

- Suitable extinguishing agents:
- CO2, extinguishing powder or water spray. Fight larger fires with water spray or alcohol resistant foam.
- · For safety reasons unsuitable extinguishing agents:
- Do not use a jet water stream as it may scatter and spread fire.
- **Special hazards arising from the substance or mixture** In case of fire, the following can be released: Nitrogen oxides (NOx) Carbon monoxide (CO)

#### Advice for firefighters

Cool by spraying with water the containers to prevent product decomposition and the development of substances potentially hazardous for health and also, in the case of closed containers exposed to flames to prevent explosions.

· Protective equipment: No special measures required.

## 6 Accidental release measures

· Personal precautions, protective equipment and emergency procedures Not required.

· Environmental precautions:

Dilute with plenty of water. Do not allow to enter sewers/ surface or ground water.

- Methods and material for containment and cleaning up: Absorb with liquid-binding material (sand, diatomite, acid binders, universal binders, sawdust). Dispose contaminated material as waste according to Section 13.
- Reference to other sections
   No dangerous substances are released.
   See Section 7 for information on safe handling.
   See Section 8 for information on personal protection equipment.
   See Section 13 for disposal information.
- · Protective Action Criteria for Chemicals

· PAC-1:		
111-76-2	2-butoxyethanol	60 ppm

## 7 Handling and storage

#### · Handling:

- · Precautions for safe handling No special measures required.
- · Information about protection against explosions and fires: No special measures required.

#### · Conditions for safe storage, including any incompatibilities

- Storage:
  - Requirements to be met by storerooms and receptacles:

Observe the label precautions, the expiration date for the use, if not indicated, is from delivery date of goods.

In cases where there is no reported expiration date , it means that the product must be used within 8 months.

Take on temperature greater than 5 ° C

- · Information about storage in one common storage facility: Not required.
- · Further information about storage conditions: None.

• Specific end use(s) Those typical of the product and the instructions in the data sheet if required.

## 8 Exposure controls/personal protection

· Additional information about design of technical systems: No further data; see item 7.

· Control parameters

· Components with limit values that require monitoring at the workplace:

### 111-76-2 2-butoxyethanol

- PEL Long-term value: 240 mg/m<sup>3</sup>, 50 ppm Skin
- REL Long-term value: 24 mg/m<sup>3</sup>, 5 ppm Skin
- TLV Long-term value: 20 ppm BEI, A3

## 10 Stability and reactivity

· Reactivity typical of the product as indicated in the data sheet

- **Chemical stability** The product is stable in normal conditions of storage and use recommended • Thermal decomposition / conditions to be avoided:
  - No decomposition if used according to specifications.
- · Possibility of hazardous reactions No dangerous reactions known.
- · Conditions to avoid No further relevant information available.
- · Incompatible materials: Acids, alkalis and oxidizing agents

· Hazardous decomposition products: No dangerous decomposition products known.
